### DESCRIPTION AND PURPOSE OF ITEM

This item indicates whether or not Plan Stationing (Item 89) increases in the same direction as route stationing.

This information is used to correlate construction plans with field identifiable highway features.

This item can be determined using the most current construction plans. If in question, contact the district Bureau of Program Development.

### CODE AND SCREEN ENTRY INSTRUCTIONS

A 1-digit alphabetic code.

This item must be coded when either Construction Plan Station (Item 89) or Construction Station Equation (Item 89A) is entered.

<u>Code</u>	<u>Plan Station Direction</u>	<u>Description</u>
N	Normal	Plan Station increases as route station increases
R	Reverse	Plan Station decreases as route station increases
(blank)	Not Applicable	No information recorded for Construction Plan Station or Construction Station Equation
